EXHIBITION GROUNDS

Contributor's Parking

In order to accommodate both the buyer and contributor we would appreciate your co-operation in parking. We must have the street behind the barns completely free of large trucks at all times. We will allow half-ton or cars by the judging ring only. The rest of the area we would ask you to keep for a prospective buyer.

Our problems begin when a fellow leaves the chute and parks his truck next to the barn "to finish unloading". This fellow rarely remembers to remove his truck and then we have a congestion problem.

THANK YOU

580 Head of the Proud Breed — Herefords

• and the reason why • • •

More cattlemen are showing their preference for registered Hereford bulls today than ever before. That's why the demand for Hereford bulls is increasing every year. Hereford bulls are known for fertility, gentle temperament, ability to stay with the cows until their job is finished, and feeder demand for the calves they produce. They are unsurpassed in increasing calf crop percentages. Their temperament, and the temperament they pass along to their progeny is a by-word in the cattle industry. You get bulls that stay with the herd . . . rugged bulls that will range to get the job done. And today the Whiteface trademark on a calf headed for the feed lot is the most meaningful stamp of dependability found in the beef cattle business.

**— ALL ANIMALS MUST BE SETTLED FOR WITHIN ONE HOUR AFTER THE SALE —
For Sale Settlements — Live Stock Insurance — Information on Freight or Sale Information
the offices are located on the west side of the sales arena**

One dollar is a small investment — but it will bring good dividends if it is used to buy a membership in the Saskatchewan Cattle Breeders' Association. Your membership will insure that you will receive sale notices, entry forms, catalogues, the annual report and the live stock calendar. You will be able to attend all meetings and elections and in that way take a hand in the formation of livestock policies.

Join now by sending \$1.00 to C. Shirriff, Secretary-Treasurer, P.O. Box 167, Regina, or, if you are attending the sale, memberships will be taken at the office in the west side of the Auditorium.

HEREFORDS (HORNED)

Re Vaccination for Bang's Disease — Some of the bulls listed in this sale are Official Vaccinates for Bang's Control. Footnotes to that effect are only put in, however, when the owner sent the vaccination certificate to the office when the animal was entered in the sale.

*Indicates Calfhood Vaccination.

SHOW
SUN., March 26 — 5:00 p.m.
SALE
WED., March 29 — 9:00 a.m.

As the Province of Saskatchewan has been declared a Restricted Area for the Eradication of Bovine Tuberculosis, all cattle entering the Show and Sale from herds not dealt with under the Accredited Herd Plan will be of Restricted Area Standing.

All Bulls bred by contributor unless stated otherwise.

These bulls are out of our Britisher bred cows. Their half-sisters sold as high as \$2,600.00 in the Loughed Brothers sale at Red Deer this fall. Loughed Brothers used the two sires of these bulls before we purchased them.

We have extended pedigrees for all these bulls and they are available for your inspection.

SASKATCHEWAN SHORTHORNS SIGNIFY SIZE

SHORTHORNS — for PROFIT

At the Sire Indexing Station at Saskatoon, in the 1970-71 season, with 44 groups of bulls of all breeds participating, the average daily gain for all bulls was 2.84 lbs. per day. The average daily gain of all Shorthorn groups was 3.03 lbs. per day.

The average adjusted 205-day weight of all SHORTHORN BULLS entering this station over the years has been 516 lbs.

Of all the SHORTHORN BULLS, which have passed through this station, over 41 percent have had a final weight of over 1,000 lbs. off test and 13 percent have had a final weight of over 1,100 lbs., with an individual high of 1,163 lbs.

We contend that these are extremely good yearling weights for any breed and outstanding for British breeds.

In the steer feeding trials at Saskatoon, where all breeds and all crosses were tested, the average PROFIT for all steers tested was an even \$20.00 per head. A Shorthorn crossbred group showed a profit of \$26.29 per head and were to market in less time.

Again we say . . .

SHORTHORNS — for PROFIT

↓ YESTERDAY

At one time the SHORTHORN bull enjoyed top place among all the beef breeds in this country. He was the great improver when used on the mongrel and native cattle of that day. After a period of time most of the herds in the west became saturated with SHORTHORN blood and the value of that blood became less noticeable. Then came bulls from the other British breeds. When bulls of these breeds were used on herds which were predominantly SHORTHORN the result was outstanding.

This was an outcross and proved to be a real asset to the cattlemen and the breeds involved. This was hybrid vigour at its best but we failed to recognize it as such.

TODAY

Today the situation is similar but reversed. Many of our beef herds carry little if any SHORTHORN blood. This again puts the SHORTHORN bull in the enviable position of being the outcross and again the results are amazing. In herds of other breeds where SHORTHORN bulls of quality have been used the cattlemen report outstanding increases in weaning weights, calf crop percentages have jumped and the heifers from these crosses have proven to be better milkers and far more productive than their straight bred dams. Rate of gain on feed has increased with these crosses.

The modern SHORTHORN bull is a far cry from the bull we knew ten or even five years ago. He is longer, he is trimmer and he is heavier. He can stand the weather and above all he has not lost the ability to put on weight on cheap feed. The SHORTHORN bull is second to none for crossing purposes.

His dam sired by Rosebluff Silver Star who weighed 2,200 lbs. and classified a high AAA. These bulls are of the same type and quality as our bulls were in 1971 which were so well accepted in the sale and show ring. Junior and Grand Champion, 1st Prize class of 1968 bulls. 1st Prize Group of Three bulls. All these bulls are sired by Dandy Leader 4Z which we own half interest with John Morari. Dandy Leader is 100% dehorned, weighs 2,200 lbs.

642	BENDER, PHILIP P., NEUDORF	Philford Valour 15th -432678- Roan KBJ 4B rt. ear.	Sire of Sire: Rosebluff Trooper -407873- "Size and quality" he has both. This bull stands more than 56 inches tall now. A bull that could be used in a top purebred herd. His dam is a full sister to our 1965 Regina Champion, he was also big. Sire Rosebluff Valour, classified triple A, is well liked by people that see him. We will be breeding our old cows for the 7th time to Valour — this speaks for itself. This bull is a full brother to the bull that gained 340 lbs. per day of age at the Saskatoon Sire Indexing Station in 1969 and 1970 and is now doing a remarkable job in the George Cooper herd at West Bend, Sask. His dam is a very consistent producing daughter of Skagacres Guardsman. She weighed 1,380 lbs. on Sept. 29/71, the same day as she weaned a heifer calf with an adjusted 200 day weight of 497 lbs.

This bull is a very easy fleshing and upstanding animal. A combination you seldom see. To make his pedigree even more impressive it carries three generations of polled cattle on his dam's side and at least four in the sire's side.					

650 (P) Butte Lee Apache 26th -X432358- Roan Mar. 19/70 Kodiak 2nd -X420557- OFZ 78B rt. ear. Sire of Sire: T P S Coronet Leader 4th -X2966618-. Sire of Dam: Q K Trend 3rd -X365918- (Bred by A. E. Philpott, Central Butte, Sask.) Here is another bull with three generations of polled cattle behind him and one that demonstrated his gainability with a feeding period index of 133.

651 (P) Butte Lee Apache 29th -X432361- Roan Apr. 26/70 Kodiak 2nd -X420557- OFZ 87B rt. ear. Sire of Sire: T P S Coronet Leader 4th -X2966618-. Sire of Dam: T P S Coronet Leader 21st -X406273- (Bred by A. E. Philpott, Central Butte, Sask.) This bull is the only grandson of T P S Coronet Leader 21st that we are offering in this sale. Considering that he is much younger than the rest and is out of a white cow, he is well worth having a good long look at. He should be just the bull you need.

652 (P) Butte Lee Apache 30th -X432355- Red Mar. 3/70 Kodiak 2nd -X420557- OFZ 71B rt. ear. Sire of Sire: T P S Coronet Leader 4th -X2966618-. Sire of Dam: Lynnwood Reward -X364008- (Bred by A. E. Philpott, Central Butte, Sask.) This bull is the blood of all our sale entries and demonstrates best of any the easy fleshing ability of these Kodiak 2nd calves. This trait is perhaps the most needed in our modern type of cattle and this bull will pass it on.

In 1971 over 2,400 head of livestock plus rodeo stock participated in this inaugural event representing livestock from Ontario to British Columbia. This is the type of participation and competition intended by this producer-oriented show.

The continuation of a breeding better stock program and the retention of the high standards offered by livestock shown at this event are two main goals that the member organizations wish to perpetuate.

PURCHASERS' SALES INFORMATION

The following excerpt from the rules and regulations governing this sale will be of special interest to those purchasing breeding stock.

1. Terms of Sale—Cash

Immediately after your purchases are completed, settlements and shipping instructions will be taken in the front office of the Auditorium. Information on freight schedules and rates, and livestock insurance will also be available.

All purchases must be settled for within one hour of the sale of the animal. If any purchaser fails to settle for his purchase as stated, the Committee reserves full power to resell the animal to the best advantage either publicly or privately, without further information and any loss arising from such resale, together with the keep and all other expenses, will be collected from the defaulter.

Immediately after each purchase is declared the risk of the animal shall be exclusively with the purchaser, and until a settlement is made in the terms of these conditions the delivery of the animal shall be suspended.

Before an animal can be removed from the building, the buyer must present to the Barn Superintendent the official receipt and release signed by the Treasurer or Association Representative.

2. Pedigrees

Ear tattoos and identification of all stock contributed to this sale have been checked and compared with the Registration Papers for your protection. The Registration Certificates will be transferred to your name on the books of the Canadian National Livestock Records at Ottawa and the transferred Registration Papers forwarded, by mail, to you.

The purchaser of an animal at an Association sale will be given twenty days after the last day of the sale within which to file with the Secretary claim for compensation by reason of any erroneous information respecting such animal that may appear in the catalogue and was not corrected by the auctioneer at the time the animal was offered for sale.

3. Mail Order Purchase

The Secretary is prepared to purchase bulls for persons unable to attend the sale personally. To do this you should send a marked cheque, for the amount you are willing to pay, made out to the Saskatchewan Cattle Breeders' Association and indicate the lot numbers you would wish a bid placed on. Averages at these sales will be found on the back cover of this catalogue.

4. Order of Sale

Animals will be sold in the order of contributor's name in the catalogue. For the day and time at which different breeds are sold, see the program in the front of this catalogue. All stock must be returned to their original stall by the seller and left there until settlement has been made. Contributors must feed and care for animals until evening of the day on which they are sold.

5. Bidding

A bull failing to bring an opening bid of \$300.00 will be withdrawn from the sale. If any dispute arises between two or more bidders, it will be settled by the animal again being put up and resold. The decision of the auctioneer shall be final in such cases.

6. Health Regulations

(a) As the Province of Saskatchewan has been declared a Restricted Area for the eradication of Bovine Tuberculosis, all cattle entering this Show and Sale from herds not dealt with under the Accredited Herd Plan, will be of Restricted Area standing.

(b) To qualify for export to U.S.A. all cattle must have passed a blood test for Brucellosis within 30 days of the date of sale. To avoid delays owners shall arrange to do this through their local Veterinarian where reasonably possible.

(c) All cattle contributed to this sale must be free of skin diseases, parasites, or other obvious abnormalities.

7. Breeding Guarantee

(a) Should a bull, under natural service conditions, in the opinion of the purchaser, be a non-breeder, the purchaser shall report the same in writing to the Secretary of the Association between two and six months from the date of sale. The purchaser shall then complete a Statutory Declaration supplied by the Association. The purchaser may be required to retain the bull for the six months and after this period, the contributor shall have the option of testing the animal for four months on his own premises. If the animal then proves to be a non-breeder, the contributor will refund 75% of the purchase price of a bull purchased for a price of up to \$1,000; 90% refund of bull's purchase price if in excess of \$1,000, or supply an animal of approximate age, quality and breeding, and the non-breeder to be returned to the contributor. A contributor will not be responsible for injury, infection, or sickness which was not apparent at the time of sale, or for improper care and feeding by the purchaser. In either case the purchaser is to be responsible for all transportation charges incurred.

(b) It is to be clearly understood that the Association is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does the Association assume any financial obligations to collect or enforce collection of any moneys between parties and any legal action that may in exceptional cases, be taken, must be between the buyer and seller themselves. The Association guarantees all pedigrees or will revoke any sale concerned. In all cases the influence of the Association will be exerted, as far as possible, to hold all parties strictly to these regulations.

8. Loading and Transportation

(a) Animals not to be shipped by rail will be delivered to the various buyers on the grounds, who will take charge of them immediately after settlement has been made.

(b) The Association will undertake to feed and load animals purchased at this auction sale for a fee of \$5.00 per head. Animals will be shipped F.O.B. Regina. When the distance is over one hundred and fifty miles, the purchaser may have to accompany the animals or pay the Association for securing a man to take the shipment.

(c) The loading and shipping of cattle after the sale will be conducted under the direction and supervision of the Association, and all cattle to be shipped by rail will be regarded as delivered to the purchaser when they have been properly loaded and billed to their destination. Purchasers will be expected to render any assistance in the loading and shipping that may be required of them and to make all necessary arrangements among themselves and with the Secretary for such attendant or attendants as may be required to accompany the cattle to their destination.

(d) Every care will be exercised by the management to prevent injury to, or loss of property, and to insure the prompt collection and delivery of animals at the proper destination, but the Association, acting only as a medium between buyer and seller, will not be responsible for any loss or damage that may occur during transportation.

9. Powers of Executive Committee

The Executive Committee shall have power to cancel the sale of any animal before delivery provided such course in its opinion is fair and just, both to buyer and seller.

The Treasurer will have power to give receipt in full for all payments on stock and will remit the amount realized, less the proper charges for each animal, to the contributor within three weeks after the date of the sale.

Purchase of Breeding Stock for Export

Bulls bought for export to the United States will be cleared and transported free of charge to Williston, North Dakota, or any equivalent distance into the United States.

Complete information regarding the purchase and export of breeding stock to the United States is available if required. Cattle are exported from this sale every year to the United States.

Arrangements have been made for a representative from Canadian National Livestock Records to attend the sale and transfer the registration certificates to the names of American Buyers. Veterinarians from the Health of Animals Division will also be in attendance to take immediate tests for T.B. and Bang's Disease, if necessary. These facilities are provided to encourage American buyers and cause the least possible delay in shipment.

United States funds will be accepted at the current rate of exchange for the purchase of stock.

NOTES

The Saskatchewan Livestock Associations

*"Working for the Improvement of the
Livestock Industry"*

There are many people engaged in the various phases of this industry who are not members. You may be one of these. We suggest that in order to do your part to assist, you should look over this list of Associations and take out membership in those in which you are interested.

Sask. Cattle Breeders' Ass'n

Pres. Barry Andrew, Regina
Vice-Pres. Gordon Hollinger, Lemberg

Sask. Swine Breeders' Ass'n

Pres. R. Edwards, Nokomis
Vice-Pres. Don MacKay, Aberdeen

Sask. Horse Breeders' Ass'n

Pres. C. Smith, Burnham
Vice-Pres. G. N. Robbins, Laura

Sask. Sheep Breeders' Ass'n

Pres. W. Wilson, Saskatoon
Vice-Pres. R. N. Duggan, Melville

The Associations Have Two Major Objectives:

1. The development of the phase of the livestock industry which they represent. This involves the distribution of educational material, assistance to Boys' and Girls' Clubs, Fairs, Field Days and providing various services to individual breeders.
2. Conducting Shows and Sales. In this way breeding stock is distributed and breeders are provided with a medium for sale of their stock.

Membership in these Associations will mean that your name will be on all mailing lists for entry forms, catalogues, annual reports, notices of meetings, livestock calendar, and circulars. Membership fee for each Association is \$1.00 per year. (Horse Breeders \$2.00.)

Send this form and appropriate remittance to:
